

# XBO Partners Sprint 197 Release Notes

(January 15, 2026)

## XBO Partners

Add Video to 'Get to Know XBO' Section

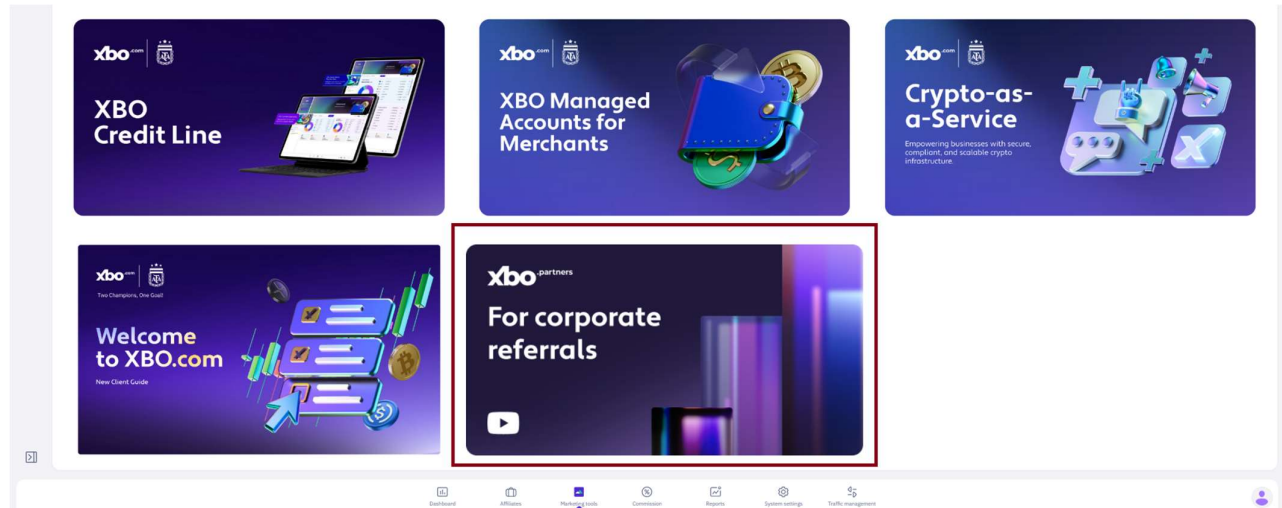

Edit Commission Deal: Adding and Calculation Logic

# XBO Partners

## Add Video to 'Get to Know XBO' Section

The new video is added to the XBO Partners system to help users navigate and use the platform more efficiently. The video appears under **Marketing Tools** → **Get to Know XBO**.

Clicking a card redirects users to the official XBO YouTube channel, where they can watch the video.

## Edit Commission Deal: Adding and Calculation Logic

The **commission deal logic** updates to allow **individual** and **general** deals of the same type to exist simultaneously for revenue share and additional fee under a single affiliate. The individual deal applies only to ACC-specified leads, while the general deal applies to all other leads.

If both a general deal and an individual deal exist, the general deal applies to all leads except the one with an individual deal. For that specific lead, commission is calculated only based on the individual deal.
