Commission Verification: Default Sorting by Date

On the **Commission Verification** page, all commissions are now sorted by date by default to reduce mistakes and ensure accuracy and clarity. Filters support a reset function, which restores the default settings.

The screenshot shows the 'Commissions verification' page. At the top, there is a header with the title and several filter options: 'Aff ID', 'Aff account name', 'Aff email', 'Aff Account type', 'Commission status', 'Commission amount', 'Commission date' (which is highlighted with a red box), 'Deal ID', and 'Comments'. Below the header is a table containing 2478 rows of commission data. Each row includes columns for Aff ID, Aff account name, Aff email, Commission status, Commission amount, Commission date, Deal ID, and Comments. The table is paginated at the bottom with a page number '1' and a total count of '2478'. At the very bottom of the page, there is a navigation bar with links to various XBO Partners features: Dashboard, Affiliates, Marketing tools, Commission (with a blue arrow icon), Bundles & Deals, Commission verification (with a blue arrow icon), Reports, System settings, Traffic management, and a user profile icon.
